1. Decision summary

The delegated officer has determined to make amendments to works approval W6794/2023/1. The amendments are administrative in nature therefore they do not alter the risk profile of the Premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This amendment report documents the amendments made pursuant to section 59 and 59(B) of the *Environmental Protection Act 1986* (EP Act).

The decision report for the existing works approval will remain on the department's website for future reference and will act as a record of the department's decision making.

2. Scope of assessment

2.1 Regulatory framework

In amending the works approval, the department has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at https://dwer.wa.gov.au/regulatory-documents.

2.2 Application summary

Works approval W6794/2023/1 is held by Iluka Eneabba Pty Ltd (works approval holder) for the Iluka Eneabba Mine Site (Accommodation Village) (the Premises), located at mining lease M267SA.

The Premises relates to the category and the assessed design capacity under Schedule 1 of the *Environmental Protection Regulations 1987* (EP Regulations) which are defined in existing works approval W6794/2023/1.

On 7 April 2026, the works approval holder submitted an application to the department to amend works approval W6794/2023/1 under section 59B of the *Environmental Protection Act 1986* (EP Act). The amendment is limited only to extending the environmental commissioning period for the wastewater treatment plant to ensure the plant can comply with wastewater quality specifications.

3. Consultation

The works approval holder was provided with the draft amendment report on 5 May 2026. On 6 May 2026 the works approval holder waived the comment period.

4. Conclusion

Based on the assessment in this amendment report, the delegated officer has determined that an amended works approval will be granted, subject to conditions commensurate with the determined controls and necessary for administration and reporting requirements.

4.1 Summary of amendments

Table 1 below provides a summary of the proposed amendments and will act as a record of implemented changes. All proposed changes have been incorporated into the revised works approval as part of the amendment process.

Table 1: Summary of works approval amendments

Condition no.	Proposed amendments
Condition 5 – Table 2: Environmental commissioning requirements	Update commissioning period in Table 2 from 90 days to 180 days
