

Works approval number	W6730/2022/1
Works approval holder	Norton Gold Fields Pty Limited
ACN	112 287 797
Registered business address	Viskovich House' Level 1, 377 Hannan Street Kalgoorlie WA 6430
DWER file number	DER2022/000418
Duration	15/12/2022 to 14/12/2025
Date of issue	27/07/2023
Premises details	Binduli Operations Legal description - Part of Mining tenements M26/446 and M26/447 As depicted in Schedule 1

Prescribed premises category description (Schedule 1, <i>Environmental Protection Regulations 1987</i>)	Assessed design capacity
Category 12: Screening etc. of material.	800,000 tonnes per annum

This works approval is granted to the works approval holder, subject to the attached conditions, on 27 July 2023 by:

**A/SENIOR ENVIRONMENTAL OFFICER, INDUSTRY REGULATION
REGULATORY SERVICES**

Officer delegated under section 20 of the Environmental Protection Act 1986

Works approval history

Date	Reference number	Summary of changes
15/12/2022	W6730/2022/1	Works approval granted.
27/07/2023	W6730/2022/1	Works approval amendment to change the prescribed premises location and boundaries.

Interpretation

In this works approval:

- (a) the words 'including', 'includes' and 'include' in conditions mean "including but not limited to", and similar, as appropriate;
- (b) where any word or phrase is given a defined meaning, any other part of speech or other grammatical form of that word or phrase has a corresponding meaning;
- (c) where tables are used in a condition, each row in a table constitutes a separate condition;
- (d) any reference to an Australian or other standard, guideline, or code of practice in this works approval:
 - (i) if dated, refers to that particular version; and
 - (ii) if not dated, refers to the latest version and therefore may be subject to change over time;
- (e) unless specified otherwise, any reference to a section of an Act refers to that section of the EP Act; and
- (f) unless specified otherwise, all definitions are in accordance with the EP Act.

NOTE: This works approval requires specific conditions to be met but does not provide any implied authorisation for other emissions, discharges, or activities not specified in this works approval.

Works approval conditions

The works approval holder must ensure that the following conditions are complied with:

Construction phase

Infrastructure and equipment

1. The works approval holder must:
 - (a) construct and/or install the infrastructure and/or equipment;
 - (b) in accordance with the corresponding design and construction / installation requirements; and
 - (c) at the corresponding infrastructure location as set out in Table 1.

Table 1: Design and construction / installation requirements

Infrastructure	Design and construction / installation requirements	Infrastructure location
Mobile crushing and screening plant and associated equipment	<ol style="list-style-type: none">(a) Crushing and screening plant consisting of the following machinery (or equivalent);<ul style="list-style-type: none">• Terex Finlay J1175 Jaw Crusher (x2);• Terex Finlay C1550 Cone Crusher;• Terex Finlay C1545 Cone Crusher;• Terex Finlay C1540 Cone Crusher;• Terex Finlay 693 Double Deck Screen;• Terex Finlay 696 Triple Deck Screen;• R230 McCloskey Reclaimer; and• Telestack TC624 Track Stacker/Radial Stockpiler.(b) Machinery must be constructed to the manufacturer's specifications.(c) Water sprays must be installed at all crushing and screening points and conveyor discharge points.(d) Water carts must be available on site to suppress visible emissions of fugitive dust.	Located within the prescribed premises presented in Schedule 1, Figure 1.

Compliance reporting

2. The works approval holder must within 30 calendar days of an item of infrastructure or equipment required by condition 1 being constructed and/or installed:
 - (a) undertake an audit of their compliance with the requirements of condition 1; and
 - (b) prepare and submit to the CEO an Environmental Compliance Report on that compliance.
3. The Environmental Compliance Report required by condition 2, must include as a minimum the following:
 - (a) certification by a person authorised to represent the works approval holder that the items of infrastructure or component(s) thereof, as specified in

- condition 1, have been constructed in accordance with the relevant requirements specified in condition 1;
- (b) as constructed plans or photographic evidence for each item of infrastructure or component of infrastructure specified in condition 1; and
- (c) be signed by a person authorised to represent the works approval holder and contains the printed name and position of that person.

Time limited operations phase

Commencement and duration

4. The works approval holder may only commence time limited operations for an item of infrastructure identified in condition 6 where the Environmental Compliance Report as required by condition 2 has been submitted by the works approval holder for that item of infrastructure.
5. The works approval holder may conduct time limited operations for an item of infrastructure specified in condition 6:
 - (a) for a period not exceeding 180 calendar days from the day the works approval holder meets the requirements of condition 4 for that item of infrastructure; or
 - (b) until such time as a licence for that item of infrastructure is granted in accordance with Part V of the Environmental Protection Act 1986, if one is granted before the end of the period specified in condition 5(a).

Time limited operations requirements

6. During time limited operations, the works approval holder must ensure that the premises infrastructure and equipment listed in Table 2 and located at the corresponding infrastructure location is maintained and operated in accordance with the corresponding operational requirement set out in Table 2.

Table 2: Infrastructure and equipment requirements during time limited operations

Site infrastructure and equipment	Operational requirement	Infrastructure location
Mobile crushing and screening plant and associated equipment.	<ul style="list-style-type: none"> • Operations must only occur between the hours of 07:00am to 19:00. • Must operate within hardstand areas. • Visual daily monitoring of dust. • Water sprays must be activated on machinery when fugitive dust is observed. • Water carts must be available on site to suppress visible emissions of fugitive dust. • Stormwater is to be managed so contaminated or potentially contaminated stormwater is captured to prevent release into the environment 	Located within the prescribed premises presented in Schedule 1, Figure 1.

Compliance reporting

7. The works approval holder must submit to the CEO a report on the time limited operations within 30 calendar days of the completion date of time limited operations or 30 calendar days before the expiration date of the works approval, whichever is the sooner.

8. The works approval holder must ensure the report required by condition 7 includes the following:
- (a) a summary of the time limited operations, including timeframes and amount of material processed from each location;
 - (b) a review of performance and compliance against the conditions of the works approval; and
 - (c) where the manufacturer's design specifications and the conditions of this works approval have not been met, what measures will the works approval holder take to meet them, and what timeframes will be required to implement those measures.

Records and reporting

9. The works approval holder must record the following information in relation to complaints received by the works approval holder (whether received directly from a complainant or forwarded to them by the Department or another party) about any alleged emissions from the premises:
- (a) the name and contact details of the complainant, (if provided);
 - (b) the time and date of the complaint;
 - (c) the complete details of the complaint and any other concerns or other issues raised; and
 - (d) the complete details and dates of any action taken by the works approval holder to investigate or respond to any complaint.
10. The works approval holder must maintain accurate and auditable books including the following records, information, reports, and data required by this works approval:
- (a) the works conducted in accordance with condition 1;
 - (b) any maintenance of infrastructure that is performed in the course of complying with condition 6;
 - (c) complaints received under condition 9.
11. The books specified under condition 10 must:
- (a) be legible;
 - (b) if amended, be amended in such a way that the original version(s) and any subsequent amendments remain legible and are capable of retrieval;
 - (c) be retained by the works approval holder for the duration of the works approval; and
 - (d) be available to be produced to an inspector or the CEO as required.
