Attn: [redacted] Outside Scope

Dear Sir,

GRAPE RESIDUE TRIAL FEBRUARY - APRIL 2004 (OAKFORD ORGANICS; Lic No 7770/2)

I refer to your facsimile dated 5 February 2004 regarding a trial inclusion of grape residues (maro) into the composting process at Oakford Organics (Licence number 7770/2).

Outside Scope

After consideration of the information supplied in the facsimile and conversations with [redacted] of the Kwinana Office, the Department has no objections to the above proposal provided the following conditions are met and adhered to:

- Grape maro should not be stored for more than 24 hours before incorporation into the compost.
- Any complaints made to Oakford Organics, whilst the trial is in process, must be forwarded to this office.
- The trial process is for grape maro only; any other unapproved material should not to be incorporated in the trial without prior consultation with the Department.
- The trial should be completed between 9 February 2004 until 10 May 2004.

The Department will monitor the trial period and should any confirmed complaints, related to the trial, be received or should the incorporation of grape maro cause any significant environmental impacts, the permanent arrangement will not be approved.

Please be aware that this letter does not remove your obligation for approval under other statutory authorities.

Should you have any questions regarding this letter or any other environmental matter please call
