Subject: Plastic Ban WA Submission

Dear Manager,

All over the world, the rising tide of plastic pollution is choking, poisoning, and starving our wildlife – and even polluting the food we eat.

I support the statewide ban being extended to other forms of plastic pollution including mass balloon releases, single use plastic drinking straws, and products which include plastic microbeads, as all of these products present a continuous threat to our Western Australian wildlife and environment.

Thank you.

Yours sincerely, Wendy Holmes
