Good afternoon,

I write to provide my full support and provide my congratulations for affirming the introduction of the plastic bag ban in an effort to reduce our waste and impact on the environment. I have been a long supporter of this initiative and I believe that it is important to be able to offer consumers a practical alternative.

I would like to take this opportunity to introduce Eco Buddy Bags.

Eco Buddy Bags have been designed to offer an environmentally responsible, economical, convenient and functional alternative to single use plastic bags. The bags are durable, easy to wash and are fast drying. The design of the bag permits maximum carry capacity for its size. Each Eco Buddy Bag set consists of 10 reusable shopping bags contained within a water proof case with handle. I have attached an information flyer for your reference.

Eco Buddy Bags aim to make a proactive contribution to encourage and promote the use of reusable bags, minimising the effects of plastic bags in our environment. We are proud to support the Australia Wildlife Conservancy and their initiatives by donating \$1 from every Eco Buddy Bag set sold. For more details about the Australian Wildlife Conservancy and their initiatives please visit www.australianwildlife.org.

If you would like to place an order or find out more about Eco Buddy Bags, please visit ecobuddybags.com.

Thank you.

Kind Regards,

Saskia Matthews
Proprietor & General Manager
