The Chief Executive Officer (CEO) of the Department of Environment Regulation (DER) has amended the above licence in accordance with section 59 of the *Environmental Protection Act 1986* as set out in this Amendment Notice.

Jonathan Bailes

MANAGER LICENSING (PROCESS INDUSTRIES)

LICENSING AND APPROVALS

an officer delegated under section 20 of the Environmental Protection Act 1986 (WA)

Amendment Notice

This notice is issued under section 59 of the *Environmental Protection Act 1986* (EP Act) to amend the licence issued under the EP Act for a prescribed premises as set out below. This notice of amendment is given under section 59B(9) of the EP Act.

Amendment Description

The current licence was issued on 25 September 2015. The licence contains a typographical error in Table 2.2.2 (condition 2.2.2 - emissions to land), which incorrectly states the averaging period for the parameter biological oxygen demand (BOD₅) as annual (30kg per hectare per year). The Licence Holder has identified that the previous licence (L6112/1996/10) stipulated the limit for BOD₅ as 30kg per hectare per day and has requested that this error is corrected in the current licence.

Decision

The licence has been amended to include the correct BOD₅ nutrient loading limit of 30 kg per hectare per day, which is consistent with the previous licences (L6112/1996/10 and L6112/1996/9).

Amendment History

Instrument	Issued	Amendment
L6112/1996/11	25/09/2015	Licence re-issue
L6112/1996/11	29/09/2016	Amendment Notice 1 Amendment to correct the typographical error to the parameter BOD ₅ in licence condition 2.2.2.

Amendment

1. Table 2.2.2 of the licence is amended by the deletion of the text shown in strikethrough and the insertion of the red text shown in underline below:

Table 2.2.2: Emission limits to land			
Emission point reference and location in Schedule 1	Parameter	Limit (including units)	Averaging period
Plot A and B	Total nitrogen	≤ 300 kg/ha	Annual
	Total phosphorus	≤ 50 kg/ha	Annual
	Biological oxygen demand	≤ 30 kg/ha	Annual <u>Daily</u>
