## Amendment

The Chief Executive Officer (CEO) of the Department of Water and Environmental Regulation (DWER) has amended the above Works Approval in accordance with section 59 of the

*Environmental Protection Act 1986* (EP Act), as set out in this Amendment Notice. This Amendment Notice constitutes written notice of the amendment in accordance with section 59B(9) of the EP Act.

**Christine Hass**

**Manager Licensing – Resource Industries**

an officer delegated under section 20 of the *Environmental Protection Act 1986* (WA).

## Amendment Notice

This amendment is made pursuant to section 59 of the *Environmental Protection Act 1986* (EP Act) to amend the Works Approval issued under the EP Act for a prescribed premises as set out below. This notice of amendment is given under section 59B(9) of the EP Act.

### Amendment description

This Amendment Notice relates to an administrative change to extend the expiry date. The extension has been requested by the Applicant in order to complete the construction of the following infrastructure:

- Two in-load conveyors CV909 and CV918
- One additional live row and one additional bulk-out row
- Fourth stacker SK705
- Transfer station TS909.

Proposed infrastructure has been assessed and approved through the original works approval, issued 15 May 2014.

No assessment of risk to environment or public health from proposed infrastructure has been made in addition to the original works approval. The decision made on this amendment has been informed by the *Guidance Statement: Licence Duration* (August 2016).

### Amendment history

Table 2 provides the amendment history for W5643/2014/1.

**Table 1: Works approval amendments**

Instrument	Issued	Amendment
W5643/2014/1	18 September 2014	Amendment issued to extend the submission date of the Environmental Improvement Plan (EIP) required by IR2 of condition 4.1.1 to allow a dual phase dust source characterisation survey.
Amendment Notice 1	6 April 2017	Extension to the expiry date and to remove conditions relating to completed works.
Amendment Notice 2	16 April 2020	Extension to the expiry date.

## Decision

The Delegated Officer has determined to extend the expiry date by two years. Such an amendment is administrative in nature and is not expected to present any additional risk to public health or the environment.

This amendment does not authorise an increase in overall tonnages beyond what the Licence Holder is currently permitted to handle (up to 175 million tonnes per annum), in accordance with Licence L8194/2007/3.

## Works Approval Holder's comments

The Works Approval Holder was provided with the draft Amendment Notice on 15 April 2020. The Works Approval Holder responded on 16 April 2020 waiving the remaining comment period. No comments were submitted on the draft Amendment Notice.

## Amendment

1. The expiry date on page 1 of the Works Approval is amended from:

~~Thursday, 18 May 2017~~

to the new expiry date in bold below:

**Wednesday, 18 May 2022**
