RE: Works Approval Application - Jundee Paste Plants

Northern Star Resources Ltd (herein referred to as Northern Star) is applying for a Works Approval pursuant to Section 54 the *Environmental Protection Act 1986* (EP Act) to support mining activities within its Jundee Operations.

The Works Approval is sought to construct infrastructure under the following Schedule 1 categories:

- **Category 5** - to construct a dry paste plant and associated tailings stockpiles areas.
- **Category 6** - to construct mine water supply pipelines to the paste plant locations.

The dry paste plant is a modular unit and will be constructed and operated at Cardassian, before being packed up and relocated to Westside. Both paste plant and associated tailings stockpile locations are sought under in this Works Approval.

Please find enclosed a completed Works Approval application form IR-F09. A link to download compiled supporting attachments will be provided to the assessing officer upon request. Should you require any further information to support this application [REDACTED] ia [REDACTED].

Yours sincerely,

[REDACTED]
