

Date	Stakeholders	Description of engagement	Discussion topics	Stakeholder comments/issues
4/05/2022	Shire of Sandstone	Videocall	Introductory discussion and presentation regarding the proposed pit development at the Youanmi site : Location, historical background, proposed activities, haulage plan, and Road use (Understanding of the boundary roads). Specific MCP for Grace based on agreement with DMIRS.	Okay Road agreement with Ramelious for further discussion
31/05/2022	Shire of Mount Magnet	Face to face	Introductory discussion and presentation of Grace Stage 1: Location, historical background, proposed activities, haulage plan, and Road use (Understanding of the boundary roads). Specific MCP for Grace based on agreement with DMIRS.	Okay Road agreement separately from Ramelious
21/05/2022	Yuinmery Pastoral Station	Phone call	Introductory discussion and presentation of Grace Stage 1: Location, historical background, proposed activities, haulage plan, and Road use. Specific MCP for Grace based on agreement with DMIRS.	Okay
15/05/2022	Meeline Pastoral Station	Email	Introductory discussion and presentation of Grace Stage 1: Location, historical background, proposed activities, haulage plan, and Road use. Specific MCP for Grace based on agreement with DMIRS.	Okay
6/05/2022	Atley Pastoral Station	Videocall	Introductory discussion and presentation of Grace Stage 1: Location, historical background, proposed activities, haulage plan, and Road use. Specific MCP for Grace based on agreement with DMIRS.	Okay
28/04/2022	DMIRS - Department of Mines, Industry Regulation and Safety	Videocall	Introductory discussion and presentation of Grace Stage 1: Location, historical background, proposed activities, haulage plan, and Road use.	Okay

5/05/2022	DMIRS - Department of Mines, Industry Regulation and Safety	Email	Email from DMIRS relating to approval for pit development.	<p>Mentions that the most streamlined approach for obtaining approval for the newly proposed activities will be to submit a "MP Specific MCP" in support the MP; the MCP will therefore only be required to focus on rehabilitation and closure related to the newly proposed activities (including the additional rehabilitation works that will be undertaken on the existing portion of the Bunker WRD).</p> <p>Additionally, informs that the inspectorate boundaries have been amended and MF 57 now falls into the South Region instead of North therefore Brad Jakowyna (Team Leader South) will be the best contact for future enquiries.</p>
20/05/2022	DMIRS - Department of Mines, Industry Regulation and Safety	Videocall	Introductory discussion and presentation regarding the proposed pit development at the Youanmi site: Location, historical background, Rox's history at Youanmi as an explorer, and their plans to take the site into a possibly 7 to 10-year mine life, which is the subject of ongoing studies, proposed activities, haulage plan, and Road use. Specific MCP for Grace based on agreement with DMIRS.	<p>Okay</p> <p>Next meeting planned for mid of June.</p>
22/07/2022	DMIRS - Department of Mines, Industry Regulation and Safety	Videocall	Online meeting regarding Grace MP and MCP submission; rehabilitation areas (Evaporation ponds and Bunker WDR), and dry tailings and gravity processing plant.	<p>Okay.</p> <p>DMIRS would consult and response Rox about the rehabilitation of the Bunker WRD. (whether it is a Key Mine Activity or Other Mine Activities)</p>
8/11/2022	DMIRS - Department of Mines, Industry Regulation and Safety (Nicole Tucker)	Videocall	Discussion regarding further geotechnical information required to include in the MP.	

9/05/2022	DWER - Department of Water and Environmental Regulation	Videocall	Introductory discussion and presentation regarding the proposed pit development at the Youanmi site: Location, historical background, Rox's history at Youanmi as an explorer, and their plans to take the site into a possibly 7 to 10-year mine life, which is the subject of ongoing studies, proposed activities, haulage plan, and Road use. -Discussion regarding the Specific MCP for Grace Stage 1 based on agreement with DMIRS, and Licence Amendment L8275/2008 (dewatering and landfill).	Okay The Licence Amendment L8275/2008 is currently under assessment.
20/07/2022	DWER - Department of Water and Environmental Regulation	Videocall	Online meeting regarding Works Approval for the gravity processing plant.	A Category 5 - Works Approval application form must be lodged. The supporting documentation relates to emissions and discharges from the plant, receptors and management measures.
