ELIWANA RAIL CAMP 50 WORKS APPROVAL APPLICATION

Fortescue Ltd (Fortescue) is seeking to apply for a Works Approval under Section 54 of the *Environmental Protection Act 1986* for the construction and operation of the Eliwana Rail Camp 50 wastewater treatment plant (WWTP).

This application seeks to conduct the following activities:

- Staged construction and operation of the Eliwana Rail Camp 50 WWTP and Reverse Osmosis (RO) plant with a maximum throughput capacity of 220 m³/day.
- Construction and operation of an irrigation sprayfield approximately 7.5 hectares (ha), which is inclusive of a 5 meter spray drift buffer, and provides for a minimum wetted area of approximately 4.98 ha.
- Construction and operation of a pipeline corridor and other associated ancillary infrastructure to support the disposal and treatment of wastewater.

Please find attached the completed application form, supporting documentation detailing the prescribed activity and its environmental management, as part of this Works Approval application.

If you have any questions regarding this application, please contact ██████████
██████████ or via email at partvlicensing@fortescue.com

Yours sincerely
