1. Decision summary

The Delegated Officer has determined to make amendments to Licence L8966/2016/1. The amendments are administrative in nature therefore they do not alter the risk profile of the Premises, providing that activities, emissions and receptors as stated in existing approvals remain unchanged.

This Amendment Report documents the amendments made pursuant to section 59 and 59(B) of the *Environmental Protection Act 1986* (EP Act).

The decision report for the existing Licence will remain on the department's website for future reference and will act as a record of the department's decision making.

2. Scope of assessment

2.1 Regulatory framework

In amending the Licence, the department has considered and given due regard to its Regulatory Framework and relevant policy documents which are available at <https://dwer.wa.gov.au/regulatory-documents>.

2.2 Amendment summary

Licence L8966/2016/1 is held by Appala Holdings Pty Ltd T/A Wastetrans WA (Licence Holder) for the Postans Glass Processing & Waste Sorting Facility (the Premises), located at 119 McLaughlin Road, Postans WA.

The Premises relates to the Category 61A and the assessed production/design capacity under Schedule 1 of the *Environmental Protection Regulations 1987* (EP Regulations) which are defined in existing Licence L8966/2016/1.

The department initiated an amendment to Licence L8966/2016/1. The amendment is limited to amending typographical errors and updating the clarity and intention of some conditions.

A summary of amendments is outlined in Section 4.1 of this report.

3. Consultation

The Licence Holder was provided with the draft Amendment Report on 23 September 2022. No comments or issues were received from the Licence Holder.

4. Conclusion

Based on the assessment in this Amendment Report, the Delegated Officer has determined that an amended Licence will be granted, subject to conditions commensurate with the determined controls and necessary for administration and reporting requirements.

4.1 Summary of amendments

Table 1 below provides a summary of the proposed amendments and will act as a record of implemented changes. All proposed changes have been incorporated into the Revised Licence as part of the amendment process.

Table 1: Summary of Licence amendments

Condition no.	Proposed amendments
Condition 1	Row numbers included on each item in Table 1.

Condition no.	Proposed amendments
	Wording of conditions updated to the department's current format. Reference to Table 10 – Definitions was included as a foot note below Table 1.
Condition 2	Updated to departments current condition wording format.
Condition 3	Minor wording updates. Row numbers included on each item in Table 2. Correction of clerical errors. Removal of duplication of condition requirements pertaining to Premises operations and maintenance, contaminated stormwater and leachate sump, three stormwater infiltration sumps and hydrocarbon storage areas as they were adequately addressed by the requirements of condition 3. Updated condition wording for clarity. Inclusion of the Premises infrastructure and equipment locations. Reference to a noise verification study removed as the requirements were not clear and open to interpretation. Reference to the EP Noise Regulations was included as a note below Table 2.
Condition 4	Minor wording updates. Removal of duplication of legislative requirement. Reference to the <i>Environmental Protection (Kwinana) (Atmospheric Wastes) Regulations 1992</i> and legislative obligations was included as a foot note below Table 3.
Former Condition 5 (Segregation of asbestos wastes)	Duplication of requirements. The requirement of the former Condition 5 is adequately addressed by condition 2 which has been revised.
Former Condition 17 (Now Condition 15)	Updated to departments current condition format. Updated condition wording for enforceability.
Former Condition 23	Reference to ambient air monitoring standards removed. Requirements are adequately covered in Condition 28
Condition 22	Minor wording updates
Condition 27	Minor wording updates
Condition 35	Updated to departments current condition format.
Definition	Inclusion of: 'Bund' 'CEMS'

Condition no.	Proposed amendments
	'Construction and Industrial (C&I)' 'Clean fill' 'Damp' 'Greenwaste' 'Quarantine storage area' 'Stockpile base'
Schedule 1	Updated map, Figure 2: Premises layout to include infrastructure and equipment locations.
