

Application for a works approval amendment

Division 3, Part V *Environmental Protection Act 1986*

Works approval number	W6457/2020/1
Works approval holder	Kingston Rest Pty Ltd
Application number	APP-0031913
Premises	'Kingston Rest Farms' 210 Norman Road THE PLAINS WA 6237
Date of report	30 October 2025
Status of report	Final

1. Scope of amendment

Kingston Rest Pty Ltd (works approval holder) holds works approval W6457/2020/1, issued under Part V Division 3 of the *Environmental Protection Act 1986*. The works approval is due to expire on 2 January 2026.

The works approval relates to the development of a large sheep feedlot facility near Capel, about 200 km south of Perth. The feedlot, which will comprise of three individual sheds, will be constructed one shed at a time – the first (induction) shed is expected to be completed by early 2026; construction of the first, and largest, feed shed has commenced and is expected to be completed by March 2027, followed by the second feed shed in 2028.

The works approval holder is therefore seeking to extend the duration of the works approval by a further three years, to enable sufficient time for completion of works and to meet construction completion reporting requirements.

2. Decision

The delegated officer has determined to extend the duration of the works approval to allow for completion of the project and submission of construction completion reporting. This decision recognises the scale and complexity of the development and acknowledges the design of the project achieves best practice standards set by the sheep feedlot industry.

The works approval duration will be extended by 3 years, now expiring in 2029.

3. Consultation

The draft works approval and this report were provided to the works approval holder for their representations on 25 October 2025. [The works approval holder did not object to the changes and requested the amendment be issued with no further comment]

Summary of changes

The below table provides a summary of the updates and will act as a record of implemented changes. All changes have been incorporated on the works approval.

Condition / table	Description
<i>Cover page</i>	<i>Expiry date changed to 02/01/2029</i>
